## Gameplay

Step 1. Determine the preferred bet value at the right of the screen.

Step 2. Choose between the basic game and the top game via button 6.

Step 3. Choose the bet via button 5.

Step 4. Start the game by pressing button 3.

Step 5. See the points won in the meter (number 7).

- Diamonds has two meters; the basic and the top meter. The credits of both meters added together is the total amount of credit, which corresponds with your balance.
- Each spin, Bet 1 deducts 1 point from the basic meter.
- Each spin, Bet 5/10/20 deduct 5, 10 or 20 points from the meter.
  - When there are points on the top meter during bet 5, 10, 20: One point will be taken from the basic meter and the rest of the points will be taken from the top meter.

### Wins in Diamonds

- Wins made in Bet 1 will go to the basic meter.
- Wins made in Bet 5 or higher will go to the top meter.

- Won points that are shown in the top meter can be collected at any time via COLLECT.
  - Do you want to continue playing but there are no more points on the basic meter? Get your points from the top meter to the basic meter with the COLLECT button.

## Basic Game

- The basic game is based on bet 1, which will light up when active.
- 1 spin is worth the selected bet value.
- Paylines win when matching symbols are on three or more reels in succession from leftmost to right.
- Only the highest win per active pay line is paid.
- After a win, the winnings can be doubled or lost in the heads or tails game. Winnings can be doubled up to a maximum of 200 points.
- To collect winnings on the top meter without playing a (next) heads or tails game, press START.

## Top Game

- In the top game, bet 5/10/20 can be chosen. The chosen bet will light up and will point out how many points/Bonus Spins each number of matching symbols is worth.
- Matching symbols on three or more reels are a winning combination when they are in succession from leftmost to right.
- Only the highest win per active payline is paid.
- Only the top game can trigger the Jackpot.
- At the top game, 1 spin is worth the coin value times (bet) 5, 10, or 20 (dependant on the chosen bet).

## Bonus spins

Three or more Scatter Symbols trigger the Bonus Spins wheel. The number of given Bonus Spins or points can be found in the rows on the right of the

Scatter Symbol and in the column of the selected bet (number 8 and 9 on the image above). For example, when 5 Scatter Symbols appear in Bet 1, you will get between 40 and 200 points.

## Jackpot

When 5 diamonds (Scatter Symbols) appear on the middle row of the reels during the top game, the Jackpot will be triggered! The Jackpot prize you can win for each bet is shown in the Jackpot meter above.
