

FireFlies

FireFlies is a video slot with regular gameplay. The slot contains 5 reels, 3 rows and 20 paylines. All the lines are active during each spin and there is no option available to lower the number of paylines.

Prizes are won when at least 3 similar symbols show up in succession on a payline (from leftmost to right).

Each symbol has its own value. To check a symbol's value, take a look at the "payout overview", which you can find by clicking on the Information sign (located at the slot's bottom left hand side).

Only the highest amount won per payline will be paid.

Let's play!

First determine the bet. Bets can be increased or decreased by using the coin value's + and - button in the game's bottom right hand corner. The 'coin value' is the amount that is being bet per payline. On both your desktop and your mobile device you can choose between the coin value €0,01, €0,02, €0,05, €0,10, €0,20, €0,50, €1,00, €2,00 and €5,00. The 'total bet' is made up out of the coin value times the amount of paylines (which is 20). Start the game by using the round 'Spin' button in between the 4 jars at the bottom of the slot.

Wild Symbol

When a Wild Symbol appears, it substitutes all symbols except Scatter Symbols. When a Wild Symbol appears during Bonus Spins, it will spit out another random number of mini Wild Symbols.

Scatter Symbol

When 3 or more Scatter Symbols appear anywhere on the reels, you will receive 5 Free Spins! The bet value of the Free Spins is equal to the bet value of the spin on which the Free Spins have been won. When 3 or more Scatter Symbols appear during the Free Spins, you will receive an additional 5 Free Spins!

Fill the jars

After having a winline, the fireflies of that payline will fly into one of the jars at the bottom of the video slot. New symbols will appear on the open spots. If you have 4 winlines in succession, all 4 jars will be filled. If no fireflies fly into the jar after a spin, the jars will be emptied.

Bonus Spins

If you have 4 winlines in succession, all jars will be filled. This will trigger the Bonus Spins and you will receive 5 Free Bonus Spins!

When a Wild Symbol appears during Bonus Spins, it will spit out another random number of mini Wild Symbols. The mini Wild Symbols substitute every symbol, except Scatter Symbols.

Fireflies come in swarms

All Bug Symbols may randomly transform into Bug Swarm Symbols at the beginning of any spin, except during Bonus Spins and Free Spins.

Max bet

The highest possible bet per payline is €5,00 and since there are 20 paylines, the total bet will then be €100,00 which is defined as the maximum bet. A 'max bet' can be set manually by setting a €5,00 bet per payline at 'coin value'. The max bet can be switched off at any moment by decreasing the bet per payline at 'coin value'.

Adjusting graphics

If you would like to adjust the graphics of the slot, click the 'Gfx' button in the slot's lower left corner. For a high graphic quality, choose 'high'. If you prefer to lower it, choose 'low'.

Return To Player (RTP)
96.22%

In case of malfunction of the games' software, all plays and prizes will be void and bets will be refunded. Please contact the gaming website's customer service when experiencing any malfunctions in the game.
