

Frogo's

See the frog in the bottom right of the picture? This frog is ready to take you on an adventure full of pizza in this video slot containing 5 reels, 3 rows and 20 paylines. All the lines are active during each spin and you are not able to lower the number of active paylines.

You will win prizes when at least 3 similar symbols show up in succession on a payline

(from leftmost to right). Only the highest amount won per payline will be paid. Each Frogo symbol has its own value. To check a symbol's value, take a look at the "paytable", that you can find by clicking on the information (i) sign (located at the slot's bottom left hand side).

Let's play!

Before playing, first determine your desired bet. Bets can be increased or decreased by using the coin value's up and down button in the game's bottom right hand corner. Both on desktop as well as on mobile devices, there can be chosen between coin values of €0,01, €0,02, €0,05, €0,10, €0,20, €0,50, €1,00, €2,00 and €5,00. The 'coin value' is the amount that is being bet per payline. The 'total bet' is made up out of the coin value times the amount of paylines (which is 20). Start the game by using the round 'spin' button located on top of the barrel in the center of the bottom of the slot.

Chef's hat: Wild Symbol

The chef's hat you see in the picture here on the right means even more luck is on your side when it appears on the reels. This hat is a Wild Symbol and when it appears anywhere on the reels, it substitutes all symbols except Scatter Symbols!

Perfume: Scatter Symbol

This Scatter Perfume Symbol smells like prizes! You will receive 5 Free Spins, when 3 or more Scatter Symbols appear anywhere on the reels. The total bet value of the Free Spins is equal to the total bet value of the spin on which the Free Spins have been won.

Frogo's Bonus Game

The more the merrier is what we say about pizza in this video slot. This is because when 5 or more Pizza Symbols appear anywhere on the reels, the Bonus Game is triggered!

In the Bonus Game you'll get to choose between 3 pizza boxes. You will receive a prize and get to pick again when you pick the correct box, so you'll keep winning prizes as long as you pick the correct box! Be careful and do not pick the box with the rotten pizza as this means the end of Frogo's Bonus Game. Don't be too sad when this happens, because you will receive the points you've collected so far.

Max bet

The highest possible bet per payline is €5,00 and since there are 20 paylines, the total bet will then be €100,00 which is defined as the maximum bet. A 'max bet' can be set manually by setting a €5,00 bet per payline at the 'coin value'. The max bet can be switched off at any moment by decreasing the bet per payline at 'coin value'.
